Hi Sam,

Yes, we will accept a child from any public school to ensure FAPE is provided to the child. In regards to the referral, you would follow the same process as you would with any of your schools. Convene an IEP team meeting to ensure that the GNETS program is where the student will need to receive the services identified by the IEP team.

Please let me know if this helps.

I have been contacted by a charter school concerning a referral. How does that work ? Do we take students from charter schools?
